Parents,

We are so glad that you chose West River as a destination for your child, this summer. We recognize there are innumerable choices for you and your family, and we're proud to be your choice, and to play a part in the growth of your camper(s)!

This letter contains information intended to help you and your child get ready for your week(s) at camp. **If you have other questions, please look for more information on our website, or contact our registration office at (410)-867-0991.**

COVID-19 PRECAUTIONS

Safety is our top priority at camp. Please keep an eye out for regular update from camp regarding our COVID-19 safety precautions this summer. You can also visit <http://www.bwccampsandretreats.com/rcm-home-2/covid-19-updates/summer/> for the latest information. Our safety plans surrounding COVID-19 will be updated as industry best practices and local health regulations change and may have to be adjusted last minute.

PACKING FOR CAMP

Let's begin with what to bring! We suggest involving your camper in packing so they know what they will find in their bag. For younger campers, you may want to roll daily outfits together. Labelling as many things as possible also helps campers to keep track of their clothes.

PLEASE PACK:

- Facemasks (2-3 per day)
- 1 pair of shorts and shirt per day
- 1 extra outfit
- 2 pair long pants
- 1 sweatshirt
- Water bottle
- Underwear and socks for each day (+2 extra)
- Pajamas
- Rain gear
- 1 pair sneakers for daily use
- 1 pair sneakers or water shoes to get wet/dirty
- swimsuit and pool towel
- Sleeping bag or twin sheets and blanket
- Pillow
- Bath Towels/washcloth
- Toiletries and caddy/tote
- Bible
- Notebook, journal, envelopes, pens, stamps
- Sunscreen Insect repellent

You MAY want to add:

- Disposable camera
- Shower shoes/flip flops
- Hat or visor
- Sunglasses
- Favorite stuffed animal
- Bag for dirty clothes

Sailing Campers pack extra swimsuits, towels, and sun protection (sunscreen, hats, sunglasses).

Please DO NOT PACK:

VALUABLE OR IRREPLACEABLE ITEMS: for example, jewelry, money, cameras, heirlooms, new luggage.

WEAPONS OF ANY KIND: for example, knives, pocket knives, hatchets, axes.

FLAMMABLES: for example, matches, lighters, fireworks.

FOOD: for example, candy, gum, soda, any snacks that are not provided for special dietary needs and given to the nurse.

UNHEALTHY/ILLEGAL SUBSTANCES: for example, drugs, alcohol, tobacco products, vaping products

ELECTRONICS: for example, **CELL PHONES**, video games, iPod, Gameboys/DS, or any device that can connect online while at camp.

Our goal is for each camper's week to include making new friendships, enjoying time in the outdoors, eating healthy meals (and a few campfire snacks), and making new connections to God. Adventure challenges and intentional community building provide opportunities for gaining skills in faith development, communication, problem-solving, decision-making, social interaction, and emerging independence in both small and large group settings.

Please note that having devices that connect campers to communities outside of camp detracts from their community building and the friendships and growth that can happen at camp. In worst case scenarios, cell phones have been used to involve bullying of campers and have been used to try to contact parents with medical needs rather than communicating their needs to the skilled health professional on staff who is present with them. These are obstacles that make the week harder for your camper, not easier.

Should there be a reason you need to reach your child, like family emergency or a change of camper pick up plans, please communicate through the camp directors and/or camp office: 410-867-0991.

Please do not arrive until your scheduled time. We will be utilizing a drive through check in process and parents will not be able to enter camper's lodging areas.

The check in process will be as follows:

Station 1 – Check-in

- Upon arrival, temperatures of everyone in the vehicle will be checked. The pre-camp health screening form will be collected and reviewed. Any signs and symptoms of COVID-19 will result in the camper not being able to attend.
- All camp forms will be checked for completion.
- Any remaining camp fees will be collected.
- Add funds to your camper's store account.
- Lodging assignments will be given.

Station 2 - Nurse

- All medications, both prescription and over the counter, will be turned in to the nurse. Please make sure all medication forms are completed and signed by the camper's doctor.
- Please bring all medications in original packaging. If all medications can fit in a gallon ziplock bag labeled with camper's first and last name that will be very helpful.
- Share with the nurse about any changes to the health form or any health questions or concerns.

Station 3 – Lodging

- Drop off your camper and their belongings where they will be staying for camp.
- Staff and volunteers will help move luggage and get your camper settled.

MEDICATIONS AND HEALTH FORM

In order to provide the best possible care for our campers, the information on the **ONLINE HEALTH FORM** must be filled out completely and accurately. A doctor **MUST sign a medical confirmation form** in order to give any prescribed or over the counter medication. If you do not have access to the internet, please complete a paper health form and bring it on the first day of camp. Campers with asthma, diabetes, or life-threatening allergies will be asked to share additional information in the form of an emergency plan similar to those at your child's school.

Medications must be current, prescribed or designated for the camper, and in the **ORIGINAL PRESCRIPTION BOTTLE OR UNOPENED OVER THE COUNTER MEDICATION**. Do NOT bring medications to summer events in the "day of the week" containers, or in loose form.

(Please note that summer camp is not a good time for your camper to 'take a break' from their medications. The days are long, and activities often require focus and attention throughout. A sudden change to a camper's medication can impede their enjoyment of camp and make it harder for them to get through the week successfully.)

Campers needing an inhaler, epi-pen or other emergency medicine should bring a second one to keep in the health center. **If your camper's health form indicates possible anaphylaxis they must bring an epi-pen with them.** The primary emergency medicines will stay with an adult who is with your child so that it is within reach at all times. A skilled health professional is on-site the entire week that your child is at camp.
