

**Manidokan and West River OVERNIGHT Campers:
** IMPORTANT ** Pre-Arrival Testing by Quest****

Dear Camper,

Amidst the unprecedented COVID-19 pandemic our Camp remains committed to partnering with you in creating a safe environment.

If your camper is fully vaccinated – you can bring a copy of their COVID-vaccination card to turn into camp. You do not need to do any testing.

If your camper is NOT vaccinated, then you will need to follow these steps for COVID-19 testing prior to your week at camp. If your camper is attending multiple weeks, they will need to do this process for each week of attendance. Emails will be sent out weekly for custom links to Quest and you can only order 1 test per camper at a time.

Pre-arrival testing for the camp session will be conducted through the Quest Diagnostics Back to Camp Program. We are **requiring** all incoming non-vaccinated campers to undergo COVID-19 testing prior to arrival at camp and this program facilitates that testing. You will not be asked to pay for the cost of the testing as part of this registration workflow from Quest Diagnostics.

The Quest Diagnostics Back to Camp Pre-Camp testing involves a self-testing kit which will be sent to the address you provide upon registration. Please follow this schedule:

- Two weeks before camp, the camping office will send a roster of upcoming campers to Quest. This only includes first name, last name, email and date of birth.
- Then about 10-days prior to your week of camp **you MUST register your camper** through Quest NO LATER than close of business Thursday. These specific links for Registering via the Quest website to order an at home kit will be emailed 2 weeks prior to your week of camp. *When you register using the first 3 letters of first and last name and birth year.*
- **Close of business (4pm) on Thursday (7 business days prior to the start of camp) will be the last day to register and order a home kit.** *Please be sure to use the address where you can receive the test kit. It takes 3-5 days for the kit to arrive.*
- Once registered and requested, you will receive a test kit in the mail. If you have difficulty with the registration process or are not sure you registered correctly, please call the **covid program help desk at 1- 855-324-7472.**
- Once you have received your kit and have a question regarding the instructions, you can call the 800-number provided in the kit.
- Complete the testing following the included instructions and **drop off at a FedEx location by 3pm the same day.** Do not drop off on a Saturday, Sunday, or Federal Holiday.

- **Perform the Self-Swab test and return via FedEx ON THE SAME DAY.** Please do not self-swab sooner. If you test positive you will not be admitted to camp. Once you submit your kit, regardless of your pending results, we recommend following CDC guidelines around quarantine until your planned trip to the camp.
- Test results will be emailed to parents' email address on file with Quest and will also be sent to the camp. **Please print off your test results and bring to camp for admittance onto camp property the day your program starts.**

What if I have previously tested positive (in the last 90 days) or had COVID-19? If either of these apply, then the pre-arrival testing program does not apply to you. Please inform the Camp director and request a note from your physician with dates of when testing was done/dates of illness and note from physician stating a return to regular activities.

ALL CAMPERS (Both vaccinated and unvaccinated) **MUST** complete the 14-day pre-health screening form and entry day pre-screening form located our website at: <https://www.bwccampsandretreats.com/summer-camps/forms-policies/>

TWO items MUST be with you for admittance onto the camp site:

1. Pre-screening form
2. Copy of COVID Vaccination Card OR Proof of Negative test

We appreciate your compliance with testing, as it is critical for the health and safety of our entire community. Enjoy the rest of summer break. We look forward to seeing you soon.

Sincerely,
Manidokan & West River Summer Camps
